Consent Information (Parent/Guardian)

Faculty of Fine Arts and Music

Project:
Teaching and Learning Adaptive Musical Instruments

Responsible Researcher: Dr Anthea Skinner
Email: anthea.skinner@unimelb.edu.au

1. I consent to my child's participation in this project, the details of which have been explained to me, and I have been provided with a written plain language statement to keep.

2. I understand that the purpose of this research is to investigate teaching and learning techniques for instrumental music students with disability.

3. I understand that my child's participation in this project is for research purposes only.

4. I acknowledge that the possible effects of participating in this research project have been explained to my satisfaction.

5. In this project my child will be required to participate in Adaptive Music Bridging Program activities including instrument assessment and rehearsals.

6. I understand that my child's participation in the Adaptive Music Bridging Program may be audio and video recorded and transcribed.

7. I understand that my child's participation is voluntary and that they are free to withdraw from this project anytime without explanation or prejudice and to withdraw any unprocessed data that they have provided.

8. I understand that the data from this research will be stored at the University of Melbourne and will be destroyed 15 years after my child turns 18.

9. I have been informed that the confidentiality of the information my child provides will be safeguarded subject to any legal requirements; their data will be password protected and accessible only by the named researchers.

10. I understand that videos recorded as part of this research may be used in academic presentations, and that some presentations may be posted online, but that my child's name will not be used. If I would prefer that my child's face be blurred in video presentations, I will indicate below.

11. I understand that after I sign and return this consent form, it will be retained by the researcher.
